

## Power your move with Reliant

We're here to simplify your move

### Intro Paragraph:

#### Let us do the heavy lifting

Reliant Mover Concierges provide a complimentary service to make your moving experience a little less stressful. Our representatives will assist you with the setup of electricity and the best in-home services in your area - completely free – all before your move in day.

### Second paragraph:

#### Our mover concierges

With years of experience, our representatives excel at taking care of their clients. Their attentive, personalized service provides you with a one-stop-shop to help you get situated in your new home.

#### Electricity for your new home (First value)

With competitive rates and plans made for you, our Reliant mover concierges find you the right electricity plan for your lifestyle and budget. **Using the Reliant Bill Estimator, our concierges help you understand your electricity usage to help you pick the best plan.**

Along with affordable plans, and transparent, easy-to-understand billing, you'll also have access to 24/7 customer support.

### Home security (Second value)

Protect your new home and those you love most with Home Security by Reliant. **Enjoy 24/7 professional live monitoring and save monthly on your bill** when you combine electricity and home security. Plus, stay in control of your security system with the Reliant App.

### Reliant connections (Third value)

Save yourself the time and hassle while our concierges do all the homework. **Our representatives will find and connect you with the best providers** in phone, TV, and internet services in your area.

### Flexible move-in (Fourth Value)

Our Reliant Mover Concierges can **schedule your electricity service to start up to 60 days in advance**, or request for it to start the same day if you prefer. Whatever your need is, we make your moving experience effortless and easy.
